PREMIUMS

For All Cash With Order

To save bookkeeping and correspondence, customers who remit all cash with order are entitled free of cost to the following shrubs, etc.. **Our Selection. Please** remember to secure premium, full amount of cash must accompany the order.

We can make no change in premiums.

PREMIUM NO. 1

On orders amounting to \$10.00 to \$20.00 accompanied with cash add premium No. 1.

1 Lilac	2 Phlox assorted
1 Spirea Van Houtte	2 Golden Glow
1 Honeysuckle, Scarlet Trumpet	3 Gladiolus
1 Crimson Rambler Rose	2 Peonies

PREMIUM NO. 2

On orders amounting to \$20.00 or more accompanied with cash add Premium No. 2.

2 Althea 2 Kinds	1 Crimson Rambler
2 Lilac 2 Kinds	2 Peonies
1 Honeysuckle, Scarlet Trumpet	3 Golden Glow
2 Spirea Van Houtte	1 Yucca

Customers must mention the premiums on their orders themselves for if not specified, they may be overlooked. When order is figured up enter the No. of premium on your order—as Premium No. 1. for all cash.

We furnish good sized plants and bulbs of suitable size for planting for immediate effect.

For Complete Descriptive List, Ask For Catalog No. 5.

MOUNT ARBOR NURSERIES
SHENANDOAH, IOWA

CATALOG NO. 4

TO OUR PATRONS

This Price List includes the best of the older varieties and the cream of the newer sorts. We feel sure they will give satisfaction to every customer. We grow and furnish many other varieties than those named and solicit correspondence regarding same. The ones listed have been found by test to be well adapted to a wide latitude and are general favorites.

This is a plain, practical Price List, without any high priced, flashy novelties. It is a list for practical, busy men, and we believe will be appreciated as such.

For complete descriptive list ask for Catalog No. 5.

The **MOUNT ARBOR NURSERIES** have been established over thirty-five years, passing to the present management in 1891, since which time the business has increased rapidly to its present magnitude, having developed into one of the largest and most substantial Nursery Establishments in the United States.

LARGE GROWERS OF HIGH GRADE NURSERY STOCK

Owing to the fact that we are growers of High Grade Nursery Stock in large quantities, for shipment all over the United States and Canada, and have the facilities and equipment for handling it in the best possible manner, we are better prepared for supplying your wants with trees of superior quality than most nurseries.

We are now using the product of over 800 acres of land to supply our trade, which extends into every state in the Union and Canada.

If you do not find the varieties and quantities desired quoted, write us, giving a list of your wants, as we can supply trees in large quantities and many varieties not offered in this abridged Price List.

DIRECT FROM GROWER TO PLANTER

In issuing this Catalog, for selling direct to the planter, it has been our aim to make prices as low as possible for first class stock guaranteed true to name and to reach destination in good condition. We have a soil and climate not surpassed for the successful growth of hardy nursery stock. Our location and unexcelled facilities, superior class of labor and practical experience of the owner, who has grown up in the business, having been connected with the nursery business from the age of 13 years, places our establishment in a position to give the best possible service and value for your money.

LOCATION AND SHIPPING FACILITIES

We are located in southwest Iowa, fifty miles from Omaha, on well drained land, and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash and K. & W) afford competition in freight rates and a rapid and convenient shipping outlet in every direction. Two express companies (Adams and Pacific) also give excellent service.

EQUIPMENT

With our large and improved packing houses, private side track and other facilities, we are especially well prepared for handling our large business with promptness and dispatch. We have the exposure of stock reduced to a minimum. After digging, all stock is immediately sent to the packing houses, where it is graded, packed and handled under cover. Our large acreage of land is conveniently located from our packing houses and offices, necessitating but little exposure from field to cover. Customers may rely upon receiving their stock in prime condition.

CONDITIONS

These prices in effect from the present time, until revised list issued.

In filling orders we reserve the right, in case we are out of a variety, to substitute another of equal merit when it can be done (always labeling with correct name) unless the party ordering says "no substituting," in which case we will fill the order so far as we can and return any cash balance.

SHIPPING AND PACKING

All goods ordered from this list to be sent by express or freight customers paying transportation charges on receipt of goods. All trees ordered in quantity should be sent by freight, as charges are so much less, and our superior packing admits of a long journey without injury to the trees. We pack and deliver stock to our railroad station here without extra charge, paper-lining all boxes and roots of trees in bales. Also use plenty of good packing material to keep stock in prime condition. Where stock is boxed the boxes will often be worth the cost of freight to our customers.

QUALITY OF STOCK

We guarantee all stock to be up to size and grade specified in list, and to reach destination in prime condition: Except if trees are damaged through delay on the part of the railroad company, claim should be made at once on the railroad company, as we do not assume responsibility for damage from delay en-route. Should there be cause for complaint notify us promptly on arrival of stock, stating plainly any errors, and same will be cheerfully rectified.

ENTOMOLOGISTS CERTIFICATE

We have Inspectors Certificate showing our stock to be free from San Jose Scale and other injurious insects and diseases, and attach fac-simile to every shipment.

FUMIGATION

We are prepared to fumigate with Hydrocyanic Acid Gas, and will do so when requested, or where required by state laws.

RATES

Orders for 5 trees of a kind at 10 rates; 50 at 100 rates; except 10 trees or a multiple of ten of one variety—as 20 Gano, 30 Grimes Golden at 100 rates; 300 of a kind (as 300 apple or 300 peach, etc., at 1000 rates.) For orders amounting to \$25.00 or more, accompanied with all cash, everything at lowest rates quoted in this price list.

TERMS—Net cash with order, except we allow 5 per cent discount on orders amounting to \$10.00 or more, where full amount is sent with order.

REMITTANCES

Should be made by postoffice or express money order, bank draft or registered letter. Remittances made in any other way are at sender's risk.

Remember the prices in this list are only for orders sent direct to us through the mail or delivered in person.

GUARANTEE OF GENUINENESS—We guarantee stock true to name and use the utmost care to avoid mistakes, and should any stock prove untrue to label, we will, upon proper proof, replace free of charge or refund purchase price; but it is mutually agreed and understood between purchaser and ourselves that our liability extends no further.

Correspondence and a personal inspection invited.

ROSES

Our Roses are strong plants, grown out doors, well rooted, and in every way first-class. They have **already bloomed before being sent out**, and are in every respect much better and stronger plants than those that are so freely advertised and sent out by mail, and which are small, tender shoots, started in a green house and after a few weeks sent out, before they have established sufficient growth and constitution to stand the shock of transplanting.

One hundred trees 5 to 7 feet, select grade assorted kinds, will weigh packed for shipment about 350 lbs; freight charges within a radius of 500 miles will average less than 2c per tree on the largest size of fruit trees, other grades proportionately less according to size. The weight of a larger number of trees, say 300 of the 5 to 7 feet grade, packed for shipment will run about 800 lbs., as a box of suitable size to hold the larger number, and packing required, will weigh considerable less in proportion to a smaller number.

A Magnificent block of Hybrid Perpetual and Crimson Rambler Roses. Growing Roses is one of our specialties. We have the finest lot this year that it has ever been our privilege to offer. Try a few of them.

Birdseye View of Headquarters Mt. Arbor Nurseries, Shenandoah, Iowa, Showing Residence of Proprietor, Offices, Packing Houses, Barns and Private Switch from Wabash R. R.

The large fields of Nursery Stock of Mt. Arbor Nurseries, commence about two blocks North of headquarters, extending for two miles along the public road, and are mostly in view from the three railroads, a beautiful sight when roses and flowers are in bloom and trees in foliage.
